

Developing an Online Presence

Resources for Writing Center Work Online

created by

Dr. Talinn Phillips | Ohio University | Athens, Ohio, USA

The majority of these resources are free. Some provide a broad foundation for online writing instruction and/or tutoring while others focus on more specific populations or on asynchronous tutoring.

Much of this work comes from the US and thus assumes an undergraduate population of writers and substantial instruction in writing before postgraduate work.

This project is sponsored by RELO Brazil and the US Embassy & Consulates.
